Home Dept. (*Legislative.*)

THE following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 10th January 1868, and was referred to a Select Committee with instructions to make their report thereon in a week:—

No. 2 OF 1868.

A Bill to amend Act No. III of 1861.

WHEREAS Act No. III of 1861 (*to provide for the collection of duty of customs on pepper exported by sea from the British port of Cochin*) provides that a duty of fifteen Rupees per khandi shall be levied on all pepper exported by sea from the British port of Cochin; and whereas the Governments of Travancore and Cochin have recently reduced the duty on pepper exported from their ports, from Rupees fifteen to Rupees nine per khandi; and whereas it is expedient that the duty leviable under the said Act should not exceed the said reduced duty; It is hereby enacted as follows:—

Preamble.

1. In lieu of the duty prescribed by the said Act No. III of 1861, or Act No. XVII of 1867 (*to amend the Law relating to Customs' Duties*), there shall be levied a duty not exceeding nine Rupees a khandi on all pepper exported by sea from the said port of Cochin, and the Governor of Fort St. George in Council may from time to time determine the exact rate of duty to be levied under this Act.

Duty leviable on pepper exported by sea from Cochin.

2. This Act shall be read with and taken as part of the said Act No. III of 1861.

Act to be read with Act No. III of 1861.

STATEMENT OF OBJECTS AND REASONS.

Act No. III of 1861 was passed to assimilate the duty on pepper grown in the Native States of Cochin and Travancore, but exported from the British port of Cochin, to that then levied on pepper exported from the ports of those States. The duty was accordingly fixed at Rupees fifteen per khandi.

The States of Cochin and Travancore have recently reduced from Rupees fifteen to Rupees nine the duty on pepper exported from their own ports.

The present Bill (which has been prepared at the request of the Madras Government) accordingly proposes to effect a corresponding reduction in the case of pepper exported from the British port of Cochin. Provision has also been made for a further reduction in case the Native States referred to see fit to diminish the export duty now leviable in their ports. The duty will continue to be paid over to those States, minus the cost of collection.

3. We have extended the duties of Cotton Inspectors so as to enable them to examine cotton at the Railway stations as well as when brought for compression or offered for sale. This seems requisite to meet the circumstances of the

4. We have provided for the appointment of Sub-Inspectors.

5. We have limited the fees to a maximum of four annas per bale.

6. Finding that it would be difficult to regulate the apportionment of the fees collected at Bombay, if some were collected under Bombay Act No. XI. of 1863, and some under this Bill, we recommend that the Bombay Act be repealed from the first April next, and that this Act should take its place. We have provided that any surplus funds which may then be at the disposal of the Government of Bombay for the purposes of Act No. IX. of 1863 should be treated under the provisions of this Bill.

7. We have provided that the duties of Cotton Inspectors may be entrusted by the Local Governments to any other officers.

8. We recommend the omission of the last sentence of Section 32 of the Bill, which provides that every person shall be legally bound to furnish information to any officer when required. We consider that the Inspectors are armed with ample powers for searching and examining all cotton, and that it is undesirable to empower them to exact information at their pleasure. This provision does not occur in the Bombay Act on which this Bill is founded.

9. We have provided for the publication of annual accounts of the fund.

10. We have modified the title and preamble of the Bill.

11. We recommend that the Bill, thus altered, be passed.

less than thirty days from the hanging of the said notice in his Office. The notice shall also declare that the sale extends only to the right, title, and interest of the holder of such tenure in the property specified therein.

If third party claim to be lawful possessor of tenure, Collector may stay sale and enquire into and adjudicate upon the claim.

V. If, before the day fixed for the sale of such tenure, a third party appear before the Collector and allege that such third party, and not the person against whom the application has been made, is the proprietor of such tenure, and that the tenure is not liable for the demand of the applicant, the Collector shall examine such person or his agent on oath according to the law for the time being in force relative to the examination of witnesses, and if he see sufficient reason for so doing, the Collector shall proceed to enquire into and adjudicate upon the claim, and may, if it appear necessary, stay the sale pending the adjudication of the claim.

Issue of second notice if claim be disallowed.

VI. If the claim be adjudicated and disallowed on a date subsequent to that notified for the sale of the tenure, the Collector shall issue a second notice, in the manner prescribed in Section IV. of this Act, for the sale of the tenure on some fixed date not less than fifteen days from the hanging up of such notice in his Office.

Mode of adjudicating such claim.

VII. In trying such claim the Collector shall be guided by the Code of Civil Procedure so far as the same may be applicable, and the judgment passed by the Collector on such claim shall not be subject to appeal, but the party against whom it is given may bring a suit in the Civil Court to establish his right at any time within one year from the date of judgment.

How the sale may be stopped.

VIII. If the demand, together with interest to date of payment and all costs of process, be paid into Court at any time before the property be knocked down to any bidder, whether by the defaulting holder of the tenure or any one on his behalf, or any one interested in the protection of the tenure, such sale shall not take place.

Place of sale and person to sell.

IX. The sale of the tenure shall be held in the public Office of the person conducting the same, who shall be the Collector in person or any Deputy Collector subordinate to him, or any Assistant Collector duly authorized by the Commissioner of Revenue to hold such sales.

Purchaser to deposit 25 per cent.

X. The tenure shall be sold to the highest bidder at such sale. The party who shall be declared to be the purchaser shall be required to deposit immediately twenty-five per cent. of the amount of his bid, and in default of such deposit the tenure shall be put up and sold forthwith or on the next ensuing office day.

When full amount of purchase money to be made good.

XI. The full amount of the purchase money shall be made good by the purchaser before sunset of the fifteenth day from that on which the sale of the tenure took place, reckoning that day as one of the fifteen, or if the fifteenth day be a Sunday or other close holiday, then on the first office day after such fifteenth day; and in default of payment within the prescribed period as aforesaid, the deposit, after defraying the expenses of the sale, shall be forfeited to Government, and the tenure shall be re-sold, and the defaulting purchaser shall forfeit all claims thereto or to any part of the sum for which the said tenure may be subsequently sold. If the proceeds of the sale which may be eventually completed, be less than the price bid by the defaulting purchaser, the difference shall be leviable from him as if the same were an arrear of revenue.

Procedure in default.

Defaulting purchaser answerable for loss by re-sale.

Provisions as to sales applicable to re-sales.

XII. The provisions of all the Sections of this Act with regard to sales shall also be applicable to all re-sales under this Act which may be rendered necessary by the default of any purchaser.

Confirmation of sale.

XIII. No sale of such tenure shall become absolute until confirmed by the Collector. At any time within thirty days from the date of the sale, application may be made to the Collector to set aside the sale on the ground of irrelevancy of the law or of any material irregularity in publishing or conducting the sale, but no sale shall be set aside on the ground of such irregularity unless the applicant shall prove, to the satisfaction of the Collector, that he has sustained substantial injury by reason of such irregularity.

The sale if not objected to, or if objection be disallowed, shall become absolute.

XIV. If no such application as is mentioned in the last preceding Section be made, or if such application be made and the objection be disallowed, the Collector shall pass an order confirming the sale; and in like manner, if such application be made, and if the objection be allowed, the Collector shall pass an order setting aside the sale. If the objection be allowed, the order made to set aside the sale shall be final: if the objection be disallowed, the order confirming the sale shall be open to appeal to the Commissioner within thirty days from the date of such order, and such order, unless appealed from, and if appealed from, then the order passed on the appeal, shall be final; and the party against whom the same has been given shall be precluded from bringing a suit to establish his claim to set aside the sale.

When the order to confirm a sale shall be open to appeal.

If the sale be set aside, price to be returned to purchaser.

XV. Whenever any sale of such tenure is set aside, the purchaser shall be entitled to receive back his purchase money, with or without interest, in such manner as it may appear proper to the person setting aside the sale to order in each instance. Any such order for the repayment of the purchase money or interest shall be final, and may be enforced as if the monies thereby ordered to be repaid were arrears of revenue.

Certificate and possession to be given to purchaser on payment of purchase money in full.

XVI. After the sale of such tenure shall have become absolute in manner aforesaid, the Collector shall grant a certificate to the person who may have been declared the purchaser at such sale, to the effect

that he has purchased the right, title, and interest in the said tenure as specified in the notification issued under Section IV. of this Act, and such certificate shall be taken and deemed to be a valid transfer of such right, title, and interest. The Collector shall further, on the purchaser making application and depositing the requisite costs, depute an Officer to put him in possession of the tenure by affixing a copy of the certificate of sale in some conspicuous place on the land, and proclaiming to the occupants by beat of drum, or in such other mode as may be customary, at some convenient place or places, that the right, title, and interest of the holder of the tenure for the demand against whom the tenure has been sold, has been transferred to the purchaser.

Proceeds of sale how to be disposed of.

XVII. From the proceeds of the sale of the tenure the Collector shall repay to the applicant the necessary expenses incurred by him in procuring the sale, and after satisfying the demand in execution of which the sale was made, shall hold the residue, if any, in deposit on account of the holder of the tenure for the demand against whom the tenure has been sold.

STATEMENT OF OBJECTS AND REASONS.

Under the existing law, tenures of land, which by the title-deeds or the established usage of the country are transferable, and which are not estates paying revenue direct to Government, are liable to sale for the recovery of certain demands which have been declared to be recoverable as arrears of revenue.

Such sales are to be conducted "according to the rules prescribed for such sales."

Act XI. of 1859 is held to be inapplicable to the sales of such tenures, as they are not estates or shares of estates paying revenue direct to Government; while Act VIII. of 1835, which did prescribe a mode of procedure, though brief and defective, for such sales, has been repealed.

In the absence of any Act or Regulation prescribing rules for such sales, it is held to be doubtful whether rules prescribed by the executive Government would legally suffice, and it has therefore been deemed expedient to introduce a Bill to prescribe the procedure under which such sales should be conducted.

The Bill in question has been prepared chiefly in accordance with the provisions of the Code of Civil Procedure, which relate to the sale of tenures in execution of decrees for demands other than rent due in respect of the tenure itself, supplemented, where necessary, by further provisions based on those of Act VIII of 1865, B. C.

POST OFFICE.

FORT WILLIAM, *the* 30*th December* 1867.

Read the following Despatch from Her Majesty's Secretary of State for India:—

No. 153, dated 8th November 1867.

From the Secretary of State for India,

To the Government of India.

I herewith forward for the information of your Excellency in Council, and for dissemination in the several Divisions of Territory under your Government, three copies of a Minute, dated the 27th September last, by the Commissioners of Her Majesty's Treasury, by which, under the special rules contained in the 8th and 9th Articles of the same, the postage of the correspondence of Officers of the Army in India, is to be reduced from the 1st of January next, to six pence the half ounce.

TREASURY WARRANT.

WHEREAS by an Act of Parliament, passed in the fourth year of the reign of Her present Majesty, intituled "An Act for the regulation of the duties of postage," power is given to the Post-Master General to remit any of the rates of British postage for the time being payable by law on the transmission of post letters, newspapers, or other printed papers, to such extent as the Lords of the Treasury shall from time to time direct; and power is also given to the Commissioners of Her Majesty's Treasury from time to time, by Warrant under their hands, to alter and fix any of the rates of the British or inland postage, payable by law on the transmission by the post of foreign or colonial letters or newspapers or any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time, by Warrant as aforesaid, to appoint at what time the rates which may be payable are to be paid.

And whereas by another Act of Parliament passed in the eleventh year of the reign of Her present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post Office," further powers are given to the Commissioners of Her Majesty's Treasury; and power is also given to the Post-Master General (amongst other things), to collect and receive the foreign and colonial postage, charged or chargeable on any letters sent by the post, and also with the consent of the Commissioners of Her Majesty's Treasury, to require the postage, British, colonial, or foreign, of any letters sent by the post, to be prepaid, either in money or in stamps as he might think fit, on the same being put into the Post Office, and also with such consent to abolish or restrict the prepayment in money of postage on letters sent by the post, either altogether or on certain letters, and to require the prepayment thereof to be in stamps, and also to refuse to receive or send by the post any letters rendered contrary to any regulations thereby made; and power is also given to the Post-Master General, and any Officer of the Post Office, to detain any letters which should be posted or sent by the post contrary to the regulations therein mentioned, and to open such letters, and either to return them to the senders thereof or to forward them to the places of their destination, charged in either case with such rates of postage as the Post-Master General, with the consent of the Commissioners of Her Majesty's Treasury, should from time to time direct.

And whereas it is expedient that regulations should be made for the transmission by the post at certain reduced rates of postage of the letters hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the power or authority in us for such purpose, vested in and by the said recited Acts or either of them, and of all other powers enabling us in this behalf, do, by this Warrant (under the hands of two of us, the said Commissioners, by the authority of the statute in that case made and provided,) order and direct as follows; that is to say:

1. That on every letter not exceeding half an ounce in weight, posted in or addressed to any part of the United Kingdom, and sent to or by any commissioned officer in the army whilst actually employed in Her Majesty's service, in any

of Her Majesty's colonies, and transmitted by the post between any place in the United Kingdom and any such colony direct or through any other colony, or any foreign country, there shall be charged and taken in lieu of any rates of postage now payable by law on such letters, an uniform rate of postage (British and colonial combined) of six pence.

2. On every such letter transmitted under the authority of this Warrant to or from the East Indies, Australia, or New Zealand, exceeding half an ounce in weight, there shall be charged, taken, and paid progressive and additional rates of postage as follows, that is to say :—

On every such letter exceeding one ounce, and not exceeding two ounces in weight, four rates of postage.

On every such letter exceeding two ounces, and not exceeding three ounces in weight, six rates of postage.

And for every ounce in weight above the weight of three ounces, there shall be charged and taken two additional rates of postage, and every fraction of an ounce above the weight of three ounces, shall be charged as one additional ounce and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such letter would be charged with under this Warrant if not exceeding half an ounce in weight.

3. On every such letter transmitted under the authority of this Warrant to or from any of Her Majesty's colonies other than the East Indies, Australia, or New Zealand, exceeding half an ounce in weight, there shall be charged, taken, and paid progressive and additional rates of postage as follows, that is to say :—

On every such letter exceeding half an ounce in weight, and not exceeding one ounce in weight, two rates of postage.

On every such letter exceeding one ounce, and not exceeding one ounce and the half of another ounce in weight, three rates of postage.

On every such letter exceeding one ounce, and the half of another ounce, and not exceeding two ounces in weight, four rates of postage.

And for every additional half of an ounce, in weight of any such letter above the weight of two ounces, there shall be charged and taken one additional rate of postage, and every fractional part of such additional half of an ounce shall be charged as an additional half of an ounce in weight, and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such letter would be charged with under this Warrant, if not exceeding one-half of an ounce in weight.

4. All letters which shall be sent by the post under the regulations of this Warrant shall be subject, in addition to the rates hereby fixed, to the payment of any foreign postage which shall be chargeable thereon.

5. The postage of every letter posted for transmission by the post, under the provisions of this Warrant, shall be paid at the time of the same being posted either in money or by being duly stamped with the proper postage stamp or stamps being affixed thereto, which stamp or stamps shall, in every case, be affixed or appear on the outside of every such letter near the address, and shall be of the value or amount of the postage duty payable thereon.

6. "All the abovementioned families have been admitted under the new Rules."

"The Managers reported at the last Meeting the concession by the Secretary of State of 5 per cent. interest on the additional capital of the Fund. They have now to report that under their instructions the Treasurer of the Fund (the Secretary and Treasurer of the Bank of Bengal) has sold the Government Securities belonging to the Fund. The invested capital of the Fund at the time of sale in the 4, 5, and 5½ per cent. loans amounted to Rs. 26,10,999, the nominal value of which was Rs. 27,50,206, and the sale proceeds amounted to Rs. 28,01,577. This sum now stands as a debt to the Fund on the Books of Government and will receive a credit of interest half-yearly at 5 per cent."

"Printed copies of the second report of Mr. Brown, the Actuary, will be circulated with these proceedings."

"The Managers are glad to be able to announce to this Meeting that the valuations made by the aid of the new Tables have fully shown the solvency of the Fund."

"The detailed valuation shows that there is a surplus of assets of Rs. 8,94,376."

"A Memorandum by Mr. Monteath, explanatory of the mode in which these valuations have been made, is laid upon the Table."

"But as the current year 1867-68 is a quinquennial year, and under Article 43 a calculation of the actual values of the assets and liabilities of the Fund will be necessary at its close, the Managers propose to wait to see the result of this valuation which they hope will enable them to submit to Subscribers definite proposals either for the extension of benefits or for the reduction of contributions under Article 44 of the Rules."

The accounts of the past year 1866-67 are submitted."

"The Managers, in the course of the year, entered into a negotiation with the Bank of Bengal with a view to the payment of the Annuities of Annuitants in England through Messrs. Coutts and Co., the Agents of the Bank, at more favorable rates than that allowed by the Secretary of State."

"The rate of exchange allowed by the Secretary of State is 1*s.* 10$\frac{1}{2}$*d.* per rupee."

"The uniform rate at which the Bank proposed to make payments through their Agents, on the same dates as payments were made by the Secretary of State in London, was 1*s.* 11$\frac{41}{100}$*d.*"

"Thus an Annuitant who was drawing the full pension of £1,000 in England would, by taking advantage of the arrangements, have drawn from the Bank's Agents in London £1,045."

"The above proposal having been submitted by the Bank for the approval of Government the matter was referred to the Secretary of State for his favorable consideration."

"The Secretary of State has, however, refused to sanction the proposal on the ground that to remit Annuities to England at a fixed rate of exchange involves a dealing in exchanges inconsistent with the Bank's Charter."

"An application has been made by the Managers for the adoption of a more favorable rate of exchange, and this is still under the consideration of Government."

"The Managers have to report the resignation of the Secretaryship by Mr. Monteath. They desire here to repeat what they said in their report to the subscribers to the Civil Fund in July last, *viz.*, that they cannot permit this opportunity to pass without expressing the very high sense which they entertain of the valuable service which Mr. Monteath has rendered to the Funds during the past five years. The peculiar abilities which he brought to the performance of his duties, and the unwearied assiduity with which he has discharged them, have been throughout acknowledged by the Managers and the service at large, and the Managers would now propose that a vote of thanks be awarded him by this Meeting."

"The Managers have, under Rule 19, appointed Mr. A. Mackenzie to the office of Secretary."

"The Managers have also to lay on this table, a letter from a Meeting of Subscribers held at Allahabad and a Memorandum by Mr. Monteath which is said to have met with their approval. It is suggested that these papers should be circulated to all Subscribers with the Proceedings of this Meeting."

Proposed by Mr. H. L. Harrison, seconded by Mr. Beverley, and carried unanimously, "that the Report be generally adopted, but that as the sense of this Meeting is opposed to some of the points in Mr. Monteath's Memorandum on pensionary allowances, the Managers be requested to call a special General Meeting after due notice for the consideration of the subject."

Proposed by Mr. Beverley, seconded by Mr. Field, and carried unanimously, "that the following gentlemen be elected Managers of the Fund for the year 1868.

V. H. Schalch, Esq., the Hon'ble C. P. Hobhouse, J. A. Crawford, Esq., T. B. Lane, Esq., A. M. Monteath, Esq.

A vote of thanks was passed to the Chairman.

REPORT

BY THE

DIRECTORS OF THE BANK OF BENGAL,

FOR THE

Half-year ended 31st December 1867.

The financial depression and superabundance of unemployed capital which were the marked characteristics of the money market during the six months ended on twenty-ninth June, have been prolonged in an aggravated form to the close of the year. With a view to stimulate a more active demand, the Directors, by successive steps in the month of July, reduced the rate of interest to three per cent. on loans payable at call—on ordinary fixed loans to three-and-a-half per cent., and on mercantile bills to four-and-a-half per cent. per annum. Although those rates are lower than at any former period in the Bank's history, and have been almost continuous throughout the past half-year, yet they failed even to maintain the former range and extent of the Bank's advances to the public. Many of the Bank's constituents, who held large deposit balances, endeavoured to effect loans in the open market on Government Securities at the rate of two per cent. per annum but did not succeed in placing any considerable amount. The result of the prevailing inaction and distrust was a very large increase in the Bank's private deposits and a cash balance of unparalleled magnitude. Nor was the state of matters at the Branches materially different. Rates of interest and discount ruled lower during the entire half-year than at any previous date since the first Branch was established in 1862.

Notwithstanding those adverse and exceptional circumstances, the Directors have to acquaint the Proprietors that the net profits for the half-year amount to Rupees 7,72,114-8-7 and admit of the payment of a dividend at the rate of seven per cent. per annum; making with ten per cent. paid at 29th June last, a dividend for the whole year, of eight-and-a-half per cent. on the Bank's paid up Capital of two crores and twenty lacs.

No losses have been sustained at the Head Office during the past six months. At one of the Branches a small amount has been written off as a doubtful debt. After a careful scrutiny of the outstanding advances at Head Office and Branches, the Directors are in a position to state that the provision formerly made is sufficient to cover every bad and doubtful debt.

The Bank's Investments in Government Securities standing in the Books on 31st December last, at Rupees 95,14,610-8, are very considerably under their market value.

Since the beginning of 1862 the business relations of the Bank, both at the Head Office and the Branches, with the Presidency of Bombay, have assumed very large and important dimensions. For nearly two years past, however, the conduct of the Bank's business in that Presidency has been attended with considerable embarrassment, arising out of the critical and anomalous condition of the Bank of Bombay, who acted as Agents for the collection of the outstandings and the disposal of the proceeds realized on account of the Bank of Bengal. During the greater portion of the last six months it was deemed necessary to restrict the Bank's operations with that Presidency, until, in the near prospect of

the Bank of Bombay being placed in liquidation, the Directors resolved to appoint one of their own Officers to be the Bank's Agent in Bombay. Mr. John Hector, the Bank's Chief Accountant, was selected for that office, and the Agency has accordingly been established under his charge since 4th November last.

The powers delegated to the Bank's Agent are precise and well defined, embracing only the description of business formerly transacted by the Bank of Bombay as Agents of the Bank of Bengal. The Directors, although entertaining no doubt, that the appointment of an Agent in Bombay under the limitations adverted to, is a matter entirely within their own discretion and requires no sanction or authority from Government, nevertheless did not make the appointment without the distinct sanction of Government. This course throughout the whole procedure connected with the establishment of the Agency, and the subsequent conduct of the business, has been closely adhered to.

Since 4th November last, and on the requisition of the Government, the Directors have been enabled from the available resources of the Agency to provide for the State requirements in Bombay a sum of nearly two millions sterling, on terms which have given entire satisfaction to His Excellency the Viceroy in Council.
